

FRESHMEN

Beat the Upper Classmen.

A Warm Game of Football, Wednesday.

Bowling Records Broken at Howard Street Alleys.

Buchtel Freshmen are as frisky today as it is possible for Freshmen to be, (and that is saying much), for did they not defeat the upper classmen Wednesday in a hot football game, and thus show to all the world how much the superior of all the rest of the universe the Freshmen is? The score was 11-5, and there was more rooting and yelling to the square inch at Buchtel field, where this notable event in local sport took place, than has been there in a long time before. The young ladies were out in force and just to amuse the crowd and keep things moving, they had a color rush. The ladies of the Freshmen class were so overjoyed with the ability in football displayed by their fellow classmen, that they wore their colors boldly in public, and this insult, added to the fact that their team was being defeated, roused the ladies of the upper classmen to indignation, which meant trouble. The excitement was quelled by the commencement of the second half of the game. Casualties small. Weary and Pitkin made the touchdowns for the Freshmen. The teams lined up as follows:

Freshmen—11. Upper Classmen—5

Motz f Faunce
Carter f Reynolds
Brown f Thomas
H. Knight f Pardee
Gayer f Swanson
M. Knight f Crist
Durr f Warner
Wells, Brenizer f Mills
Parshall f Carlton
Pitkin f Rowell

WORK ON SHAMBOCK III PROGRESSING.

London, Oct. 23.—Preliminary work on the Shamrock III is progressing. Like her predecessor, she will be close to 90 feet, the water line limit, but she will be much shorter over all. The new challenger will also be less in all other taxed measurements, and under the rules would receive a time allowance from the Columbia.

The woman who neglects her health is neglecting the very foundation of all good fortune. For without health, love loses its lustre and gold is but dross. Womanly health may be retained or regained by the use of Dr. Pierce's Favorite Prescription. BOWLING RECORDS BROKEN.

There were some records broken last night, at the Howard st. bowling alleys, when the Peerless team and the Akron M'g Co. bowlers came together for the first time in the tournament now in progress there. The Peerless team was victorious in all three games, breaking the alley record and the record for the city, in the score of their first game, which was 956, and their average for the three. Vernosky and Barron were the bright particular stars of this team, Vernosky making 223 in one game, and Barron making 221 and 211 for his high scores. The average of the Peerless team for the three games was 921 2/3. It was hotly contested, and was watched by a number of very enthusiastic rooters. The totals were: Peerless, 956, 917, 892. A. M. Co., 824, 882, 801.

WILL CELEBRATE.

Though it cannot be announced with accuracy just when the East Akron Athletic club will get into its newly fitted and equipped club rooms, it is stated that the work is progressing steadily and there is but little more to be done, except to finish the placing the equipment. There will be a big jubilee among the club members, and some definite method of celebration when the club actually gets into its fine new home.

WHERE WAS THE GOVERNOR?

Mansfield, O., Oct. 23.—What was to have been a 15-round glove contest here last night before the Mansfield club, between Danny Webster of Mansfield, and Eddie Young, of Toledo, ended abruptly in the second round, when Webster landed a terrific right swing, knocking Young completely out.

The fight established a precedent as regards ruling. Referee Harrington first announcing from the ring that the men would fight their way clear of clinches, and then, after the first round, to satisfy the spectators, the style was changed to clean breaking.

BENEFIT FOR CHARLEY O'DONNELL.

Cleveland, O., Oct. 23.—The local sporting fraternity are going to give an athletic entertainment at the Forest st. armory Monday night for the benefit of old Charley O'Donnell, who many years ago was the welterweight champion pugilist. Charley is now well along in years, being close to 60, and having been a better spender than saver, the sports thought he was due for a benefit, most of the local boxers and wrestlers having volunteered their services for the occasion. The real feature of the event, however, will be a six-round exhibition between O'Donnell and Jack King, the latter no spring chicken himself.

WILL BE BUSINESS.

Art Simms has more than an ordinary argument cut out for him at New Britain, Conn., where he will fight Willie Fitzgerald a 20-round go. Both men are trained to the minute, and Simms states that he is now fighting better than he has for years. Fitzgerald is young, fast and ambitious, and it is expected that he will try very hard for the decision. The result of the fight will be received by wire at Henry Young's place, and it is expected that it will be known by 11 o'clock, because of the difference in time between here and New Britain.

AKRON MAY HAVE PROFESSIONAL BASEBALL TEAM NEXT SEASON.

A meeting of the officials of the Akron base ball league, which did much for the great American game here this season, will be held in a short time for the purpose of outlining plans for next year. The sport was given a great boom this season, and it is believed that with the start it now has, there will be no difficulty in getting much enthusiasm and a good team next year. It is not believed now that there

will be a local league next year, but that one team will be organized by the league officials, made professional, and a schedule made with teams outside the city. In this way it is expected that there will be much good ball, for there is no doubt that there will also be club teams to represent Akron locally. There was more and better base ball this year than there had been for years before, and it is expected that the sport will be bigger and more productive of fun and good sport next year than ever.

THE NEW CUP DEFENDER

C. Oliver Iselin Will Be Its Managing Owner.

New York, Oct. 23.—C. Oliver Iselin will be the managing owner of the new sloop, which will be built to defend the America's cup. It is learned definitely that Mr. Iselin has given his consent to take charge of the new boat and take active participation in the international yacht races.

Mr. Iselin was in full control of the Vigilant that defeated the Valkyrie II. He was the managing owner of the Defender, that beat the Valkyrie III, and also of the Columbia, the winner over the Shamrock I. If there is speed in the new boat, Mr. Iselin and his sailing master, Capt. Chas. Barr, will develop it.

OLD GUNBOAT

Will Be Sold After Many Years' Service.

Washington, Oct. 23.—The Navy department has condemned and will sell the old gunboat Monocacy, which for many years has been on duty in Chinese waters. She was built in Baltimore in 1863. The Monocacy was the only vessel struck in the attack of the allied fleet of the powers on the Chinese forts at Taku, in the spring of 1900. She did not take part in the action, Rear Admiral Kempff having forbidden his vessels to participate. She got within range of the Chinese guns, however, and was hit twice, but not badly damaged.

HOT SHOT

For Leaders Who Are False.

What Do the People Think of Them?

Mayor Johnson Speaks of the New Code.

Cleveland, O., Oct. 23.—Mayor Johnson addressed another immense meeting here last night and among other things said:

"In the campaign in Cleveland and out of Cleveland we have consistently invited the Republican leaders to come to the tent or to join with us in hiring a hall to disprove the charges which we have made against them. The invitation has been issued to everybody from United States Senators down to County Auditors, and so far the only man to accept is little Billy Hopkins. We couldn't get a real live Republican, and so we have had to be content with a dead one. But put it the other way. Do you think that if Nash, or Foraker or Hanna set up a tent in Cleveland and made charges against the city administration I would not come to their meetings if I were invited? I believe that most of you think that I would come anyway, whether I was invited or not."

"I do not believe that the rank and file of the Republican party will look on calmly at what has been done by the Republican Legislature. I do not believe that the Republican voters are pleased that this Legislature, acting under the dictation of the men who assume to be the leaders of the party, has affirmed unjust tax laws which will continue to take money from the people to put it into the pockets of monopolists and the possessors of special privileges. I cannot imagine that the Republicans of our cities look with complacency upon the monstrous code bill which Mark Hanna and Boss Cox have dished up and shoved through this Legislature of their puppets. I believe the decent Republicans of the State of Ohio will upon the 4th day of November repudiate their false leaders who have betrayed the trust which they placed in them as we have already repudiated the eight black sheep Democrats who betrayed our trust when they voted for the Cincinnati steal."

In conclusion, Mr. Johnson said:

"If I, as Mayor of Cleveland, used the power of my position to make money for myself, I ought to be condemned by the people of Cleveland, just as a United States Senator ought to be condemned by the people who elected him if he uses the power and influence of his position to further his private ends and benefit his private pocket."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

SAY, MARK,

Won't You Call on Peter?

He Will Show You a Lot of Interesting Things.

Cleveland, O., Oct. 23.—In a letter written to Senator M. A. Hanna, Peter Witt, Mayor Johnson's tax expert, denied that it was necessary to be a Johnsonite to hold a city position. The letter follows:

"In your Dayton speech, according to Associated Press dispatches as published in the press of this city you said: 'The home rule theory of Mr. Johnson is carried so far there (meaning Cleveland), that a man cannot get a job on the street unless he promises to work and vote for Mr. Johnson.'"

"Senator Hanna, that statement was as far from being true as your 'stand pat' declaration is from being moral. You must have known this, my dear Senator, for only a year ago you sat in the Republican county convention of this county as a delegate, and cast your vote for Mr. R. E. Sheldon for the office of County Commissioner. Who is this man, R. E. Sheldon? He is now, and was then, my chief deputy. He, like some other men in the department over which I have the honor to preside, is a Republican in politics. If you will come to my office, No. 208 City Hall, I will make you acquainted with several Republicans in my employ. I will also show you how your \$90,000 tract of land is appraised at but \$18,950, and how the land owned by your son on Bratenahl road is appraised at \$9,000, while its cash value is \$58,000; and last, but not least, how every piece of property you are interested in is on the duplicate for a shamefully low figure, and should you come, I hope you will inform me how it is that away back in 1880 you returned for taxation personal property to the amount of \$14,000, and how it is that the return has shrunken year after year until in 1896, your return was but \$7,000, and that this year you failed to make your return up to date."

THE THEATRES.

"A Thoroughbred Tramp" Comes to the Grand Tonight.

Large audiences are the rule at the Colonial this week, where the Sawtelle Dramatic Company are presenting a round of popular plays at popular prices. "Passion's Slave" was given in a most acceptable manner last night. The vaudeville acts are most praiseworthy and add much to the pleasure of the performances. Particular attention is called to the Paper-tearing of Bruns and Nina. A piece of their work is on exhibition in the lobby of the Colonial. Tonight, "The Streets of New York" will be given. Ten cent matinees will continue through the week.

Chas. E. Blaney's great Western romance, "The Electrician," which has been the success of the large cities for several seasons past, has also become one of the successes of the Irene Myers Co., which begins an engagement at the Colonial Monday evening. This

"A Thoroughbred Tramp" will hang out at the Grand the rest of this week. Bein ga blue-blooded hobo, he has leftier ideas of abiding places than that of the space beneath the circular dripping walls of the railway water tank. This Weary Willie and his company will be seen in one of the cleverest comedies that Akron has been favored with. The scenic effects are new, the specialties are new, and the tramp is very new, his clothes though, are a few months out of date. He will hold receptions in honor of his and everybody else's friends at 2:00 and 8:00 p. m. every day, and as these have grown very popular it will be well for those wishing to view this noted personage to get their invitations (otherwise reserved seats) as early as convenient.

KODOL, Dyspepsia Cure has changed the whole method of treating this complaint. It contains all the natural digestive fluids and digests all you eat without aid from the stomach, so you can eat all the good food you want and be cured of your trouble at the same time.
